The Amazing Circus

The world of Circus always has been intriguing, magical, and picturesque for many reasons: the singularity of their people, the diversity of its inhabitants, their nomadic ways and their ability to make us dream no matter how young or old we are or where we come from. In this set, we will try to distill the very essence of Circus and we will pay special attention to those late 19th and early 20th Century shows. Welcome to the Greatest Show on Earth, come and see The Amazing Circus.
